The full and observer members further commit themselves to each appoint one contact person who is responsible for contacts with the association and among themselves.

In the event that an organisation has been admitted as a member of the association but does not fall into any of the above categories, the General Assembly may decide to provide for a derogation from the above classification, taking into account the legal requirements for a modification of the statutes.

Full and observer members undertake to raise awareness of the association and promote it on a national level through their own networks.

The association shall strive to reach gender parity, diversity and balance within the General Assembly. New full and observer members shall be informed of the current distribution upon submission and shall take that into account whilst appointing their permanent representative and whilst addressing the General Assembly.

The Board of Directors shall maintain a membership register in electronic form at the association's registered office. It shall write down all decisions on the admission, exit or exclusion of members in that register within eight days of notification. All members can view the membership register. - **Organisations and legal entities that are national green foundations,** approved by the General Assembly in accordance with the following criteria:

- The General Assembly may decide, by itself and without any other grounds, not to accept a candidate as a full member.

Once the decision regarding the candidate member is known, the Board shall inform the candidate member of this decision by e-mail. This decision is not open to appeal.

If the General Assembly refuses to admit a candidate member, this candidate may not reapply to become a full member for at least one year from the date of refusal.

Full members shall have all the rights and obligations defined in the Act on nonprofit-making associations, as well as those defined in the present Statutes of Association.

Full members can finance specific projects or the general workings of the association with non-refundable contributions.

Furthermore, the General Assembly can decide on the introduction of a membership fee. Full members representing Stakeholders can be exempt from paying a membership fee.

Observer members shall only have the rights and obligations defined by these Statutes of Association.

Observer members shall not have the right to vote.

They shall not pay a membership fee, but they can finance specific projects or the general workings of the association with non-refundable contributions.

However, this fee may not exceed a sum representing 15% of the annual budget of the association.

Observer members may be promoted to the full membership category by decision of the General Assembly, from the date of receipt of insofar their application is in conformity with article 5 of these articles of association and that they have been granted full membership.

ARTICLE 7 - Resignation of members

Resignation of members:

Both full members and observer members may resign from the association at any time.

The resignation shall be sent to the Board of Directors by written notification and shall take effect one month after the date on which the registered letter or written notification is sent.

Resigning members and their legal successors shall have no share in the assets of the association and therefore do not under any circumstances have any claim for a refund or compensation for any contribution made.

If the resignation of a member causes the number of members to fall below the statutory minimum or the minimum under the Articles of Association, the resignation shall be suspended until a replacement has been found after a reasonable period of time.

ARTICLE 8 – Suspension and Exclusion of members

Exclusion of members:

A member may at any time be excluded through a special resolution of the General Assembly convened by the Board or at the request of at least one-fifth of the members, when it knowingly acts contrary to the aims of the association or damages the reputation of the association.

In addition, a member may be deprived of its membership status insofar that it no longer meets the membership criteria.

The General Assembly may only resolve to exclude a member in accordance with the attendance and majority requirements laid down for an amendment to the Articles of Association, i.e. a two-thirds majority of the votes cast, with abstentions not counting in the denominator or the numerator, and on condition that at least two-thirds of the members of the association are present or represented. The exclusion of a member must be included in the notice convening the meeting. The member must also be heard at the General Assembly and may defend himself (with the assistance of a lawyer) before the General Assembly if he so wishes.

ARTICLE 9 - EXCLUSION OF RIGHTS TO THE PROPERTY OF THE ASSOCIATION

Under no circumstances may the members of the association, nor their heirs or beneficiaries, assert or exercise any rights or claims to assets belonging to the association.

The General Assembly is chaired by the Bureau composed by the Co-Presidents who shall appoint a secretary and record the voting procedures. The secretary of the Bureau of the General Assembly can be a member of the staff of the Association.

The meeting may be held virtually. This means that the General Assembly meetings may be held by telephone or by suitable electronic means of communication agreed by the Board, in which all participants may communicate with all other participants. This way, the members can participate remotely in the General Assembly meeting. Members can also vote remotely, either by letter, or via the website, using a form made available by the association, or via an online voting platform. In the latter case, the voting results must be saved. The members of the General Assembly Bureau may not participate in the General Assembly by electronic means.

The members of the General Assembly can unanimously and in writing take all decisions that fall within the competence of the General Assembly, with the exception of those that must be taken by authentic deed. In that case, the convening formalities do not need to be complied with.

ARTICLE 13 - ATTENDANCE QUORUM

In order to be able to legally consider matters, at least half of the members are present or represented at the General Assembly, except in cases where the law or the Articles of Association stipulate otherwise.

This second meeting may not be held within 15 calendar days of the first meeting.

In the event of a tied vote, the proposal shall be rejected.

At the request of one third of the Assembly, voting shall be by secret ballot.

All decisions concerning appointments of persons are taken by secret ballot.

ARTICLE 14 - MAJORITY

In accordance with article 8 of the Act on non-profit-making organisations, the General Assembly may only legally consider amendments to the Statutes of Association if the object of the latter is specifically mentioned in the invitation, and if the Assembly comprises two thirds of members.

Amendments may only be adopted by a two-thirds majority.

If two thirds of members are not present or represented at the first Assembly, a second Assembly may be convened, which may consider matters irrespective of the number of members present. The second Assembly may not be held within 30 days of the first Assembly. In this case, however, the decision shall be subject to the approval of the civil court.

Nevertheless, if the amendment relates to one of the objects in view of which the association was formed, the above rules shall be modified as follows:

- a) The second Assembly shall only be legally constituted if at least half its full members are present or represented.

CHAPTER IV. BOARD OF DIRECTORS

ARTICLE 16 – COMPOSITION & APPOINTMENT

The association shall be administered by a Board of Directors, hereinafter referred to as the Board, which shall consist of at least seven and not more than nine members. In any case, the number of Board members shall at all times be fewer than the number of full members of the association.

Board members shall be appointed by the General Assembly, by simple majority of members present, for a period of THREE years.

The General Assembly shall strive to reach gender parity, diversity and balance within the Board of Directors. New board members shall be chosen taking into account the current distribution.

Board members are private individuals and are not nominated by any legal entity. In the case a board member fulfils a function in one of the General Assembly member organisations or Stakeholders, the Board member shall execute the mandate in his own name and on his own behalf.

Members of the Board shall be liable to third parties for non-contractual errors. The members of the Board are in principle jointly and severally liable, unless a member of the Board demonstrates that he has reported the alleged error to the Board. In that case the board member concerned is discharged of liability. This report and the discussion to which it gives rise, shall be entered in the minutes.

In the event that the liability of the Board or its members is withheld, it shall be limited to the liability that is compulsory imposed by law.

A Board member may be represented by, and this be able to give a proxy to, another Board member at a meeting of the Board.

The Board may from time to time invite experts or other persons to attend certain meetings to give advice, but they shall not have the right to vote.

A Board member's term of office shall also end by operation of law, upon his death or if he becomes seriously ill and is no longer able to properly perform his duties as a Board member. They may be dismissed at any time by the General Assembly, which shall decide by a two-thirds majority of votes present.

Each member of the Board of Directors may themselves resign, subject to written notice given to the Co-presidents of the Board of Directors.

Having resigned, the Board member shall continue to perform their duties until they can be reasonably replaced.

In principle, Board members shall exercise their mandate without remuneration. However, the Board of Directors can decide to attribute per diems to Board members present during the meetings, the order, value and conditions of which shall be laid down in the internal regulations, as approved by the General Assembly.

ARTICLE 17 - DESIGNATION OF ROLES WITHIN THE BOARD OF DIRECTORS

The Board of Directors shall elect from among its members two Co-presidents, together with a secretary and a treasurer, all for a period of THREE years, renewable twice. Plurality of responsibilities shall not be permitted, nor can a full member nominated by a Shareholder be appointed in a role that would allow him to represent GEF solely.

ARTICLE 18 - POWERS AND REPRESENTATION

The Board of Directors shall be empowered to perform all acts of internal management that are necessary for or conducive to the realisation of the association's purpose, with the exception of those acts for which, according to law, the General Assembly has exclusive competence. The Board shall manage the affairs of the association and represent it in all acts in and out of court. The Board acts as plaintiff and defendant in all legal proceedings and decides whether or not to appeal.

The Board shall also supervise the day-to-day activities of the association, as well as the work of its staff.

The Board of Directors can appoint a Political Director and a Managing Director (Co-Directors) in accordance with article 23 of these statutes.

The Board of Directors shall make strategic decisions relating to budget, programme and activities on the basis of the directives adopted by the General Assembly.

The Board of Directors can delegate the implementation of its decisions relating to budget, work programme, external representation, implementation of activities and annual audits to the Co-presidents and Co-Directors..

The Board of Directors shall represent the association with the public and European institutions, unless it has delegated such responsibility to its Co-Presidents or Co-Directors.

ARTICLE 19 - MEETINGS AND DELIBERATIONS

The Board of Directors shall meet at the invitation of its Co-presidents as often as required, and at least twice a year and within 15 days of the request of two members of the Board of Directors or at the request of the Co-Directors.

The Board shall be chaired by one or two Co-presidents or, in their absence, by a Board member chosen by simple majority of Board members present.

The Meeting shall be held at the registered offices of the association or at any other location specified in the invitation letter. Meetings of the Board may be conducted by means of audio and or video conferencing technologies agreed upon by the Board, whereby all participants

can communicate with each other allowing for an effective meeting between the individuals involved. It is therefore possible to participate remotely, i.e. electronically, in the Board.

The Board of Directors may only consider and rule on matters when at least half its members are present at the Meeting.

Decisions shall be made by simple majority of votes present.

In the event of a tied vote, the Co-presidents or the presiding Board member shall have the casting vote.

Minutes of the Meeting shall be drawn up and signed by the Co-presidents.

These minutes shall be kept in a register of minutes, which may be consulted by full members, who shall exercise their right of consultation by reporting to the offices of the association.

In exceptional cases, where the urgency of the situation and the interests of the association so require, decisions of the Board of Directors may be made with the unanimous written approval of the Board members.

In any event, the written decision-making process assumes prior deliberation by e-mail, videoconference or teleconference.

ARTICLE 20 - CONFLICT OF INTEREST

If a Board member has an interest, directly or indirectly, which is opposed in a patrimonial manner to a decision or operation that falls within the competence of the Board of Directors, they must inform the other Board members of this before the Board of Directors makes a decision.

The Board member who has an opposing interest shall withdraw from the Meeting and refrain from taking part in the deliberation and vote on the matter in question.

The aforementioned procedure shall not apply to the usual operations that take place under the conditions and subject to the securities that typically apply on the market for similar operations.

ARTICLE 21 - Division of tasks

The Board of Directors shall be authorised to draw up all documents of internal administration that are necessary or useful to the aim of the association, with the exception of those that fall within the sole competence of the General Assembly, in accordance with the Act on non-profit-making organisations and these Statutes of Association.

In this regard, the Board may establish and promulgate internal regulations or bylaws, submitted to the General Assembly for approval. Such internal regulations may not contain any provisions that are contrary to the law or the Articles of Association, nor may they relate to matters for which the law requires a provision in the Articles of Association. The internal regulations and any amendment thereto shall be communicated to the members.

Notwithstanding the obligations arising out of collegial administration, namely consultation and inspection, Board members may divide the administrative tasks among themselves.

Such division of tasks shall not be enforceable against third parties, even if it has been published. Nonetheless, in the event of a failure to comply, the internal responsibility of the Board member(s) concerned shall be engaged.

The Board of Directors may delegate some of its administrative powers to one or more third parties who are not Board members, without such delegation involving the general policy of the association or the competence of general administration of the Board of Directors.

Board members may not make decisions relating to the purchase of property, loans and financial obligations that commit more than one third of the association's budget.

The Board of Directors may not make decisions that commit the budget of the association for several years, nor the legal status of the association, without the authorisation of the General Assembly.

If these restrictions are not respected, the internal responsibility of the Board member(s) shall be engaged in any case, all notwithstanding the question of enforceability against third parties.

ARTICLE 22 - REPRESENTATION OF THE ASSOCIATION

The Board of Directors shall represent the association collegially.

Without prejudice to the general representative powers of the Board as referred to in the previous paragraph, the association is also represented in and out of court by two board members, without the need to give evidence of a prior decision of the Board, with the exception of two members fulfilling official functions within one of Stakeholders. Both persons shall act jointly.

The Board of Directors may also appoint and remove representatives of the association.

Only specific proxies limited to a determined legal document or to a series of determined legal documents shall be allowed.

Representatives shall commit the association within the limits of the proxy granted to them, which shall be enforceable against third parties in accordance with the statutory legislation relating to mandates.

Board members and persons appointed to day-to-day administration shall not enter into any personal obligation relating to the undertakings of the association. Their responsibility shall be limited to the execution of their mission in accordance with the common law, the provisions of the law and the provisions of the Statutes of Association, as well as with the mistakes made in their administration.

Chapter VI. DAILY MANAGEMENT

ARTICLE 23 - DAILY MANAGEMENT

The day-to-day administration of the association on an internal level, together with external representation in relation to this day-to-day administration, may be delegated by a simple majority of votes of the Board of Directors to the Managing Director and the Political Director. These persons cannot be a member of the Board.

The procedure for dismissal or termination is governed by law, in accordance with the employment or cooperation agreement. The Managing Director and/or the Political Director is paid by the association for this activity.

The Board is responsible for supervising the Managing Director and/or the Political Director in their role as daily manager.

In the absence of a legal definition of the concept of “day-to-day administration”, any operations that have to be carried out from day to day to guarantee the smooth running of the association and which, by virtue of their lesser importance or the need to take a quick decision, do not require the intervention of the Board of Directors or do not make such intervention desirable, shall be deemed to be acts of day-to-day administration.

Furthermore the following tasks will be attributed to the Co-Directors:

The Managing Director is responsible for the general management of the association, as well as the work of its staff. The Managing Director focuses on ensuring the sustainability of the association’s organisational resources and identifying the conditions that must be in place for long-term goals to occur.

The Managing Director aims to translate the strategy into a sound operational plan, and to identify how the organisation can strengthen and support national green foundations and other partners in the implementation of common projects. The Managing Director aims to ensure a professional and sustainable management of human and financial resources, whilst complying with the legal framework under which the association operates.

The Political Director is responsible for the political and strategic development of the organisation and its network, following the guidelines set by the Board of Directors and the General Assembly. The Political Director carries political, networking, and strategic work that is guiding and shaping the association’s activities in a transversal way, and is providing guidance and supervision to the GEF staff to this end. The Political Director plays a proactive role in mapping and analysing political trends and emerging topics, engaging with key networks and stakeholders to increase the association’s political relevance and reach.

The nomination and cessation of functions of persons charged with day-to-day administration shall be recorded in minutes, listing those persons who represent the association in matters of day-to-day administration, and specifying the scope of their powers.

Acts relating to the appointment or termination of the appointment of delegates to the daily management shall be published in accordance with the applicable law.

CHAPTER VII. DISSOLUTION AND LIQUIDATION

ARTICLE 24 - VOLUNTARY DISSOLUTION

Except in cases of judicial dissolution and dissolution by operation of law, the General Assembly may at any time validly resolve to dissolve the association if two-thirds of the members are present or represented at the General Assembly. The decision to dissolve the association must be taken by a special majority of four fifths of the votes present or represented.

The General Assembly shall be convened to discuss proposals for the dissolution of the association submitted by the board or by at least one-fifth of all members.

The proposal for the voluntary dissolution of the association must be expressly stated on the agenda of the General Assembly.

In the event that two thirds of the members are not present or represented at this General Assembly, a second General Assembly must be convened which will hold valid deliberations regardless of the number of members present or represented. The decision to dissolve the association must still be taken by a four-fifths majority of the votes present or represented.

ARTICLE 25 - LIQUIDATION

In the case of voluntary dissolution, the General Assembly deciding by simple majority, or in the absence of a General Assembly, the court, appoints one or more liquidators. It also determines their powers as well as the conditions of liquidation and any remuneration.

The assets will be transferred, after settlement of the liabilities, to an organisation whose purpose is as similar as possible to that of the present association and which will be designated by the General Assembly.

All decisions relating to the dissolution, the terms of the liquidation, the appointment and termination of the liquidator(s) and the allocation of the net assets shall be published according to the law.

Chapter VI. MISCELLANEOUS PROVISIONS

ARTICLE 26 - FINANCING

The association may be financed, inter alia, by subsidies, allowances, donations, fees, legacies and other provisions of last wills and testaments, obtained both to support the general aims of the association and to support a specific project, with due regard for the provisions under Article 16 of the Act on non-profit-making organisations.

The association may also raise funds in any other legal manner that complies with the Act on non-profit-making organisations.

ARTICLE 27 – FINANCIAL YEAR

The treasurer shall keep regular accounts.

The accounts – in the same way as a budget proposal for the following year – shall be submitted to the General Assembly for approval, after having been inspected by an external audit, which shall apply the rules of the European Parliament for European political foundations, which shall be applicable to this association in this respect.

The financial year shall begin on 1 January and end on 31 December.

ARTICLE 28 – ALLOCATION OF ASSETS

In accordance with the provisions under Article 22 of the Act on associations, if there is provision in the statutes, the decision of the General Assembly to dissolve shall also

determine the allocation of assets and, if the General Assembly fails to rule on this point, the administrators shall allocate the assets in a way that approaches as closely as possible the object in view of which the association was created.

The General Assembly may only order the association to be dissolved if two thirds of full members are present. If this condition is not met, a second Assembly may be convened, at least 30 days after the first Assembly, which shall legally consider the matter irrespective of the number of members present.

The dissolution of the association shall only be permitted if it is voted for by a two-thirds majority of members present.

Any decision ordering the dissolution of the association taken by an Assembly not comprising two thirds of the members of the association shall be subject to the approval of the civil court.

ARTICLE 29 – APPLICABLE LAW

For all unforeseen cases not provided for in these Statutes of Association, the partners shall refer and expressly submit to the provisions of the Act of 21 April 1928.
